Community Empowerment

Designing systems in the context of local control
Community Empowerment

“Empowerment was founded on the vision that communities and state government could work together to improve the well being of families with young children.”

--- Dr. Robert Koob, Iowa Empowerment Board Chairperson
December, 2000
Iowa’s Vision for Early Care, Health, and Education

“Every child, beginning at birth, will be healthy and successful.”

- Adopted by state agencies and public and private organizations
Purpose of Community Empowerment

• Build an early care, health and education system: State and communities work together
  – Improve the efficiency and effectiveness of early care, education, health and human services programs
  – Promote collaboration among state and local levels
  – Empower local citizens to lead collaborative efforts
  – Improve results for families with young children, birth through age 5

Iowa Empowerment Board Leadership Agenda – FY 2007

**Achieving Desired Results**

The Iowa Empowerment Board will empower Iowans and their communities to achieve desired results for improving the quality of life for children (0-5) and their families.

**Collaboration**

The Iowa Empowerment Board, public and private organizations, and communities utilize focused collaborations to build an interdependent system that avoids duplication and is both comprehensive and integrated, for children (0-5) and their families.

**Advocacy**

The Iowa Empowerment Board will lead policy development and build public engagement for support for Early Childhood and Early Learning for children (0-5) and their families.
